

## Nature-Based Ongoing Group Enrollment Form 2022-23

Name(s) and dates of birth of Child(ren):

Names of Parents:

Home Address:

Phone Numbers:

Email Addresses:

Please list any severe allergies (to foods, bee stings, poison oak, etc.) of participating children and parents:

The cost of the program for each child will be \$2000 for instruction & materials, plus a \$50 enrollment fee. For those who pay in full on or before the first class day of each semester we will offer a \$100 per semester discount, which reduces the tuition to \$1800 per year, plus the \$50 enrollment fee. Please be aware that you are making a yearlong commitment to the program. By enrolling you are committing to pay for the entire year, regardless of the number of classes that your child attends.

Please let us know which funding mechanism(s) you plan to use to pay for these costs:

Amount from Ocean Grove stipend: \_\_\_\_\_ Ocean Grove, ES Name: \_\_\_\_\_

Amount out of pocket (paid all at once or in installments by check or cash) \_\_\_\_\_

(There is an additional \$50 enrollment fee that is not covered by Ocean Grove funding, due with this application, payable by check to Marcy Reynolds)

## **COVID-19**

For the 22-23 school year we expect that COVID rates will remain low enough in Santa Cruz county that masking will be voluntary. If infection rates rise dramatically we may need to reassess. Any reassessment would happen in conversation with you, the parents.

What do you expect that your preferences will be in the fall regarding masking and any other COVID protocols?

There is a Parent Participation component to our program. We ask that parents commit to at least three days of helping in the class per enrolled child, per school year. What talents and interests would you like to contribute when it is your turn to help with the kids? If you are unable to help during class time, what talents or interests do you have that could help the group in other ways? (Note: we already know you have talents and interests; no wiggling out!)

Why have you chosen this group for your children? How do you see it fitting into the rest of your home schooling program?

Is there additional information you would like to share about your child? For example, do you have any particular concerns about your child's participation? Are there any specific skills with which you feel your child needs extra support (physical challenges, independence, attention/awareness, conflict negotiation, speaking in groups, etc.)?

Please share your vision with us. What would you like to see this Nature-Based program look like?
